Homework # 0

Due: September 6, 2026

This homework doesn't count towards your grade. The purpose is to get you familiar with GradeScope and the process of submitting scanned homework.

For handwritten homework you may want to use dark ink, not pencil. Also check out the mobile scanning app for uploading: <https://www.gradescope.com/help#help-center-item-student-scanning>

Write your name and SID and a couple of sentence about yourself.

That is all you turn in.
